What does this bill do and who does it impact?

Beginning January 1, 2023, a working families' tax credit, in the form of a tax refund, is provided to eligible low-income persons for sales and use taxes paid.

This bill expands the "state qualifying income level" to twice that of the federal level for any filers with dependents in 2024. This provides a tax refund to additional eligible low-income persons.

This bill also increases the refund amounts to \$350 - \$2,400 for eligible persons claiming a refund in 2024. This is twice the amount of last year's working families' tax refund.

ICSEW Legislative and Policy Subcommittee is providing the following Bill Alert as a service to inform state employees of bills that may impact them. ICSEW asks that employees remember to share their opinion in an ethical way, on their own time, & using their own phone, computer, or device.

As state employees, we cannot use state time or resources to lobby for or against legislative proposals (RCW [42.52.160](#) and [42.52.180](#)). On your own time and using your own resources, let your voice be heard by:
